YOUR FUTURE IN ACCOUNTING.

You can join the ranks of skilled Accounting professionals now working around the world, in as little as 14 months with appropriate transfer credit, with distance education from Penn Foster College. Here are just a few of the options available when you complete your Associate of Science Degree in Accounting:

- Work for an established accounting firm.
 - Work for a government agency, computerized data processing service, or in auditing or bookkeeping.
- Specialize in tax preparation services working with a team of professionals or operate your own business.

PREPARE FOR A HIGH-SALARY, HIGH-GROWTH CAREER.

The demand for Accountants is likely to increase as a result of the recent financial crises. Tighter lending standards and the continued globalization of business should also contribute to the increased demand. Accounting professionals, with the right education and skills, earn high salaries and great benefits.

IT PAYS TO CONTINUE YOUR EDUCATION.

The need for training and retraining in new skills for today's changing job market has motivated many adults to continue their education.

Penn Foster College addresses this growing need with Associate of Science Degree programs like the Accounting Program. Preparing for your new career is easy and convenient because:

- There is no going to class, no need to rearrange schedules. You choose the time and place to complete your coursework.
- You work at your own pace — as quickly as you like — and you don't have to take time from job and social responsibilities.
 - The learning materials you need are sent directly to you for your convenience.
- You can study online, through the printed page, or a combination of both. You decide which method matches your learning style.
- You can also download study materials, submit assignments, take exams, email your instructor, check your grades, or review your student records online.
- You need no previous experience, just a Secondary School or High School Diploma, or equivalent.

PENN FOSTER COLLEGE IS ACCREDITED.

- Nationally accredited by the Accrediting Commission of the **Distance Education and Training Council (DETC)**.
- Licensed by the **Arizona State Board for Private Postsecondary Education**.
- Most Penn Foster College courses have been reviewed by the **ACE College Credit Recommendation Service**. The American Council on Education, the major coordinating body for all the nation's higher education institutions, seeks to provide leadership and a unifying voice on key higher education issues and to influence public policy through advocacy, research, and program initiatives. For more information, visit the ACE CREDIT website at www.acenet.edu.[†]

† Many colleges use ACE recommendations to determine credit transfer values. Credits earned in Penn Foster programs may transfer to some, but not all, learning institutions. Students who plan to continue their education with another school after earning a degree from Penn Foster should check with that school regarding credit transfer policies.
